## AMENDMENT UNDER 37 C.F.R. §1.84(o) AND 1.85

Sir:

In response to the Notice to File Corrected Application Paper mailed 22 January 2001, please substitute the attached specification and drawings for the specification and drawings for above-identified patent application.

## REMARKS

The Initial Patent Examination Division mailed a Notice to File Corrected Application Paper in the above-identified application under 37 CFR 1.84(o) indicating that the drawings included excessive text.

The drawings, as initially submitted, contained both drawings and text, primarily example computer program listings. Accordingly, compliance with the requirement necessitates transfer of the subject matter from the drawings to the specification.

By the above amendment, the drawings consisting primarily of text have been deleted from the set of drawings and the text sections from those drawings have been integrated into the specification as tables. Each table has been inserted
